Detail Report on Guest Lecture Programme

Encouragement and support from the management of Kailash Women's College, Nangavalli, and the Department of Computer Science organized a guest lecture programme on "PYTHON" on February 20, 2019 in the computer lab. Python is visible almost everywhere. Python is a computer programming language often used to build websites and software, automate tasks, and conduct data analysis. Python is a general-purpose language, meaning it can be used to create a variety of different programs and isn't specialized for any specific problems. The participants in the undergraduate and postgraduate students' computer science departments were participated in this event. The session was concluded, and she expressed special gratitude for informative and useful presentations. On behalf of our institutions, she sincerely thanks all the students and faculty members for actively participating and making this great lecture.

Detailed Report about the Event

The encouragement and support from the management of Kailash Women's College, Nangavalli, and Department of English Organized a Workshop on "Recent Trends in Language and linguistics" on 13.08.2019 in Sivagami Ammal seminar hall, Kailash Women's College. It would provide opportunities for collaboration and networking among institutions for promoting research and help develop critical thinking and problem solving skills. Learning a language enables students to analysis information and solves problems better as they can select relevant information and ignore irrelevant or misleading information. They become more rational and objective decision makers on developing technologies.

Detail Report on the Event

The encouragement and support from the management of Kailash Women's College, Nangavalli, and Department of Computer Science organized a Guest Lecture Programme on "JAVA SCRIPT" on 13.12.2019 in Computer Lab, Kailash Women's College. The participants Computer Science student's the also participated in this event. The main aim to bring about knowledge of Software intellectual property, JavaScript can be easily integrated with other technologies such as HTML, CSS, and SQL, making it a versatile language for web development.

Over all 30 Students from Computer Science Department were participated in this events. JavaScript is a powerful and versatile scripting language that is widely used in web development.

Detail Report on the Workshop

Department of Physics organized a workshop on "Importance of Intellectual Property Right in Physics Innovation". The workshop was held on 27.08.2020 through online Mode. "Advanced spectroscopy" were the guests for the day. The workshop brought together academicians, scientists, professors, researchers and students to share discuss and disseminate information in the recent fields of Physics. It provided opportunities for collaboration and networking among institutions for promoting research and developing technologies to the participants. This workshop also created awareness about the importance of interdisciplinary research in different areas of science and technology. He has explained various recent Research and Innovations. The participants found the workshop informative and useful.

DETAIL REPORT ON THE EVENT

The Department of Chemistry organized a guest lecture on “**career guidance and career planning**” for the students of chemistry. it was held on 25.09.2018 in Sivagami Ammal seminar hall. the guest speaker shared his personal experiences and gave practical tips on how to choose the right career path and how to prepare for various career opportunities. he also emphasized the importance of networking and building skills outside of academic studies. the lecture was followed by a session where the students could clarify their doubts and seek further guidance from the guest. the session was very interactive and engaging for the students.

Overall, the guest lecture on “career guidance and career planning” was a great success and provided valuable insights and guidance to the students of the department of chemistry. this program helped the students to develop a clear understanding of various career options and how to plan for their future. the department looks forward to organizing more such events for the students in the future.

Circular

We wish to inform you that the Department of Physics, Kailash Women's College is going to conduct a Guest Lecture on "LED Bulb Making" 18.07.2019 . The Students who are interested, can enroll their names on or before 15.07.2019 and for more details contact Mrs. M Sathya, M.Sc., M.Phil., Head, Department of Physics.

REPORT OF THE EVENT

1	Name of The Event	Guest Lecture
2	Title of The Event	LED Bulb Making
3	Date of The Event	18.07.2019
4	Venue of The Event Conducted	Varudhi Ammal Seminar Hall
5	Name of The Co-Ordinator	Ms.M.Sathya, M.Sc., M.Phil., Head of the Department, Department of Physics, Kailash Women's College, Nangavalli.
6	Name and Address of The Chief Guest	Mr. M.Sivakumar, Managing Director, Nirt Solar and Biogas.
7	Total Participants	33
8	Objetives of the Event	<ul style="list-style-type: none">• To provide hands-on experience in LED bulb making to participants.• To teach participants about the different components required for LED bulb assembly and their functions.• To teach participants soldering techniques and proper wiring methods for LED bulb assembly.• To teach participants how to test and troubleshoot LED bulbs for functionality.
9	Outcomes of the Event	<ul style="list-style-type: none">• Participants will learn the process of making LED bulbs from scratch.• Participants will gain knowledge about the components required to make an LED bulb, including LED chips, resistors, capacitors, and PCBs.• Participants will learn how to assemble the components onto a PCB using soldering techniques.

Detail Report on the Event

The Department of Physics organized a Guest Lecture on "LED Bulb Making" 18.07.2019 It was held on in the Physics lab In this Programme Overall 33 participants were attended, who are students in Department of Physics.

Participants expressed high satisfaction with the workshop content, delivery style, and learning outcomes achieved during the session. They appreciated the hands-on experience in making their own LED bulbs using simple materials and tools.

Some participants suggested adding more advanced topics related to LED bulb customization or programming in future workshops. Instructors received positive feedback on their expertise in guiding participants through the assembly process safely and effectively.

They were also praised for their patience, friendliness, and responsiveness to participant queries throughout the workshop. Overall, the workshop was a success in achieving its objectives of promoting sustainability, reducing energy consumption, and encouraging DIY culture among participants.
